

# Provincial Team Report

Ursulines of Central Province

Vol. 47, No. 8

August 2017

## Team Meeting — August 16-17

We sat down to our meeting two days after returning from the LCWR National Assembly in Orlando. The theme— *Being the Presence of Love: The Power of Transformation*—was a poignant journey through the many levels of grief: personal, congregational, global (to name only a few), leading to a deepening of Resurrection faith. We encourage you to watch the presentations and pray with the texts available. Information about where to find Assembly materials can be found elsewhere in the PTR.

We continued doing long-range planning for 2017-2020. It's breath-taking how quickly one's calendar fills! Goal-setting and team building are on-going topics of discussion, as are ways for us to seek help and advice from the province community when needed. We worked

out a plan for visitation of the province, and you'll see the list elsewhere. Ellette joined us for a conversation on our province automobile coverage. We made several appointments, as well as appointed a new Trustee to the Board of Ursuline Academy in Dedham.

We were happy to approve a distribution of alms in the name of the province to Friends in Solidarity, a partner with Solidarity with South Sudan. Click [here](#) to read about the critical work they do. "Friends" is an initiative of US Catholic religious men and women in support of religious working in South Sudan and beyond. They support the people of Africa, especially South Sudan, through capacity-building initiatives that include teacher training, health care professionals, and pastoral teams.

"Our own grief is a gateway to grace, not only for ourselves, but for the world. The grace that will come from embracing this paschal narrative of communion will be costly, but it will not diminish us. It will take our best energy and will not consume us. It will open us to the vitality that lies deep at the heart of communion with God, with one another, and with the wider world."

## Social Justice Notes

We would like to share the prayer created by Education for Justice following the racism exhibited in Charlottesville and the violence that occurred there.

### Prayer After Charlottesville

*Oh God,*

*With anguish, we pray that we may find ways to move forward towards the light, not back into the shadows of hatred, violence, and the silence that protects it.*

*We pray for the wisdom to know how to move ahead.*

*We recognize that evil can overtake a nation, as history reveals; we recognize too that reconciliation is possible, that peace can flourish where once hate and violence reigned.*

*We pray that all citizens of good will speak out again and again so the sound of Your justice drowns out the cries of hatred and the deafening silence that protects it.*

*May we as a nation form a circle, inclusive, with no top or bottom, where we can welcome everyone with outstretched hands.*

*May our circle grow ever larger, more hands open, holding another's palm, realizing we are holding on to the hope Pope Francis calls us to if we can see we are all connected. Amen.*
